

Abbott Toxicology Ltd

Document No: CGF0016
Edition No: 3.a

Title: Authorisation for Challenge Sample Release Form

The laboratory needs authorisation to release the unopened sample to an independent laboratory. Authorisation must be given by the donor or the donor's solicitor/representative and the organisation on whose behalf the laboratory is storing the sample. The authorisation must contain the barcode number, donor's signature or appropriate justification for the absence of the donor's signature from the donor's solicitor/representative or organisation on whose behalf the laboratory is storing the sample.

SAMPLE REFERENCE NUMBER			
TYPE OF SAMPLE	URINE	ORAL FLUID	HAIR
DONOR NAME OR SAMPLE ID (PLEASE PRINT)			
SIGNATURE (DONOR OR APPROVER FOR RELEASE)			
COMPANY NAME			
NAME OF REPRESENTATIVE			
REPRESENTATIVES SIGNATURE			
DRUGS TO BE TESTED FOR			

I authorise the following laboratory to analyse the unopened sample carrying the sample reference number identified above.

Independent Laboratory Details

LABORATORY NAME	
ADDRESS	
CONTACT NAME	
TELEPHONE NUMBER	

The following link can be used to check whether a laboratory has UKAS accreditation:
<https://www.ukas.com/search-accredited-organisations/>

When you have completed the above section, please email this form to:
tox.eu.challengeadmin@abbott.com

Thank you for your co-operation.
