

# VW Transporter VTS Terminal Location

**Date: 09/02/2017**

This document has been created to provide employees with information on the most appropriate location for VTS placement on the above vehicle type.

The position of the terminal has been agreed between Network Rail and Traffilog to ensure driver and passenger safety and installers must fit terminals to this specification.

Fig 1

Fig 2

## *Position 1* ❌

- ❌ Airbag deployment area
- ❌ Passenger accident impact zone
- ❌ Covers radio controls & screen
- ❌ Long reach for driver
- ❌ Long & low line of vision for navigation use

## *Position 2* ❌

- ❌ Terminal would be too high and impact on driver's field of vision
- ❌ Central air vents covered
- ❌ Radio would be obscured

## *Position 3* ✅

- ✅ Minimal impact on field of vision
- ✅ Close to driver
- ✅ No impact on driver controls
- ✅ Not in accident impact zone
- ✅ Within field of vision
