

# Toyota Hi-Lux VTS Terminal Location

**Date: 09/02/2017**

This document has been created to provide employees with information on the most appropriate location for VTS placement on the above vehicle type.

The position of the terminal has been agreed between Network Rail and Traffilog to ensure driver and passenger safety and installers must fit terminals to this specification.

Fig 1

Fig 2

## Position 1 ✓

- ✓ No impact on driver's field of vision
- ✓ Within reach of driver
- ✓ No impact on driver controls
- ✗ Slight blockage to passenger air vent (see fig 2)

## Position 2 ✗

- ✗ High dashboard means the VTS screen would impact the drivers field of vision
- ✗ Radio controls & display obscured

## Position 3 ✗

- ✗ Not sufficient space to locate the VTS terminal here
- ✗ High dashboard line would interfere with driver's field of vision
