

# Ford Ranger 2017 VTS Terminal Location

**Date: 26/01/2018**

This document has been created to provide employees with information on the most appropriate location for VTS placement on the above vehicle type.

The position of the terminal has been agreed between Network Rail and Traffilog to ensure driver and passenger safety and installers must fit terminals to this specification.

Fig 1

Fig 2

## *Position 1* ✗

- ✗ Airbag deployment area
- ✗ Long reach for driver
- ✗ Long & low line of vision for navigation use

## *Position 2* ✓

- ✓ Unit replaces rear view mirror and displays rear view when in reverse.
