

## Sentinel Site Access – WebEx sessions

**Sentinel is a trusted and mandatory safety tool** which currently provides authority to work on the rail infrastructure by checking real-time competence and medical information.

Sentinel Site Access is a safety tool that was approved at Trade Union consultation in 2015. It is **safer** by identifying when track workers haven't had 12 hours rest between shifts; **smarter** by being an effective management tool which identifies who is working in a team (on one screen); **simpler** by reducing the amount of paperwork that has to be completed.

Site Access will be launched in October 2016. We will be holding WebEx sessions over the next few weeks to brief people on the new functionality. Please see below details.

Tuesday 11th October	Start time 15:00 Duration 1 hour	<a href="#">Join WebEx meeting</a> Meeting number: 841 622 111  Join by phone Call-in toll-free number: +44-800-0234294 (United Kingdom) Call-in number: +44-844-3351018 (United Kingdom) <a href="#">Show global numbers</a>  Attendee access code: 594 113 87
