## Forms Update August 2025

NR/L3/ELP/SAI25 Issue 5 will be published on 6<sup>th</sup> September 2025 for compliance by 26<sup>th</sup> January 2026.

Two updated forms will also be published: The Electrical Risk Assessment Form (ERAF) issue 2D and Outage Request Form (ORF) issue 1C.

This Forms update is providing a preview of these two forms prior to publication on 6<sup>th</sup> September 2025.

Form updates of SAI25 will continue to be controlled and published via Safety Central

Forms **shall not be modified locally** and only those published via Safety Central are to be used when working to the requirements of NR/L3/ELP/SAI25

For full details relating to the standard and modules, please visit the Standards and Controls website

# Forms

All NR/L3/ELP/SAI25 forms have now been relocated from the Standards and Controls website and onto the Safety Central website. Version control is now via a numeric/alpha format (Issue 1A/1B etc.)

- This action has been taken to ensure a more flexible route to form updates whilst we are in deployment stages.

Forms can be found on Safety Central at [NR/L3/ELP/SAI25 Forms - Safety Central \(networkrail.co.uk\)](https://networkrail.co.uk)
