

Single Approach to Isolation (SAI) Trial

Change of Trial Implementation Date from 23 Oct 2020 to 11 Jan 2021

"Listening to our stakeholders"

With COVID-19 continuing to be a significant presence in these uncertain times and the ability to balance extra project commitments on top of involved parties struggling to return to BAU; discussions were held and the decision was made to push back Phase Two of the implementation date of the first earthed isolation (boots on ballast) till after the New Year to allow breathing space for all involved. This means the first SPA form will be issued on or around 11 Jan 2021.

Briefings, assessments and eLearning/classroom based training sessions will continue as planned with an extended period of participation.

We hope you will agree that this is the time to do the right thing for all concerned whilst looking after everyone's wellbeing.

Points to Note:

Phase One (Planning) of the trial re-implementation which started on 31 July 2020 still continues, and we strongly urge that those submitting outage requests and completing site visits based on NR/L3/ELP/25000 requirements, should continue to follow this process and utilise the forms available.

Doing this will only seek to improve your knowledge and confidence with the process required ahead of full planning taking under NR/L3/ELP/25000 documentation taking place.

Using the forms:

Please ensure that you are using the most up to date forms i.e. SVF, ORF at all times.
If there are any issues relating to use the forms in the interim, please advise the project team.

High Level Process Steps:

1. **Continue** to attend scheduled competency based briefings
* Dates will be notified
2. Complete knowledge assessment via approved method
* Ahead of being required to use the competence
3. Complete Development Action Plan (DAP) with Line Mgmt.
* Floor walking support available if required
4. Schedule your team into a targeted drop-in session with SMEs
* As and when required
5. Advise Project of completion of all the above

Further Info:

Communications have been stalled whilst discussions were taking place. However; after this info has been shared, more details will be distributed on all aspects of the process steps required in the coming weeks.

Have your say

For more information, please contact the Single Approach to Isolation (SAI) Project Team or speak directly to members of the team on their personal contact details.
