Infrastructure Group Safety Bulletin

Prohibition - Wolf 'Trakrat' Trolleys Models LT1000P & LT1250A

This bulletin is for the attention of: IMDM's, Off Track Staff, Training, Maintenance Workforce HSE Advisors, All Network Rail Maintenance Staff

After a physical inspection and trial at Didcot it has been determined that under certain conditions these trolleys may have an increased risk of derailment and therefore pending further investigations any use of the Wolf Trakrat Trolley LT100P & LT1250A is prohibited until further notice.

Issued by: Jim Allenden, Head of Plant (james.allenden@networkrail.co.uk)
