Ref: NRH25-01

Date of issue: 11/03/2025

Location: National

Contact: Occupational Health and Wellbeing

Team, Technical Authority

Overview/Next Steps

The Network Rail Drugs and Alcohol Standard (Issue 8 - NR/L2/OHS/00120) has been updated and republished on 1 March 2025. The compliance date is set for 7 June 2025.

The changes affect everyone in Network Rail. To access the standard click <u>here</u> and the briefing information click here.

If you are a **line manager**, you need to be aware of the following changes which apply to you:

- Clause 5.6: if an employee records a non-negative point of contact test (POCT) following a random drugs test, you must now implement the '<u>non-negative risk assessment'</u>
- Clause 6.1: prior to determining if a for-cause D&A test is required, you must complete the 'forcause test form' with an employee;
- Clause 7.1: prior to determining if a post-accident/incident test is required, you must complete the post-accident/incident test form' with an employee.

The following changes apply to all employees:

- Clause 13.1: you must only use prescribed or over the counter (OTC) licenced medicine where there is a legitimate medical reason as defined in NR/L2/OHS/00120;
- Clause 13.4: you must seek guidance from chemist on call for any medication use with known side effects that have the potential to impact on your ability to work safely;
- Clause 14.1: appeals against positive D&A tests may now be submitted without support of a Sponsor, but only where evidence is provided which meets the appeal criteria stated in NR/I 2/OHS/00120:
- Clause 10.7.4: employees who have a medical condition which prevents you providing a urine sample may request guidance from occupational health for alternative drugs testing methodology.

Other changes to the standard

- Clause 5.1.3: the scope of employees eligible for random D&A testing has been updated;
- Clause 9: addition of 'active monitoring' as a test type for an employee who is under the Network Rail Drugs and Alcohol Support Programme;
- Removed the requirement for Network Rail employees to attend and pass a D&A test within the 3 months prior to attending Personal Track Safety (PTS) training.

See below for further information and guidance.
